

# TA10

For All Applications in the Harshest Environment

TA10 is one of the most robust Fully Rugged Tablet PC ever built. With system structure designed to meet the most extreme condition land, sea or air. It is virtually indestructible. Running on powerful Intel® Core™ CPU and super large battery, TA10 is the system that operates anytime, anywhere.

## EXCEPTIONAL OUTDOOR DISPLAY

Equipped with a 10.4" TFT LCD (1024 x 768) screen with 700 nits sunlight readable and resistive multi-touch panel, TA10 offers excellent screen viewing even under direct sunlight.

### Digitizer

It provides the ability to capture precise sketches or signature for e-documents directly onto the screen.

### Ambient Light Sensor

With the automatic adjustment of LCD brightness, TA10 is able to provide the best LCD visibility at the best battery efficiency.

### Night Vision

It complies with Night Vision Imaging System Type I class A.

## INTEGRATED OPTIONS FOR DATA COLLECTION

- ✓ 1D / 2D Barcode Scanner
- ✓ RFID Reader support ISO 1800-6C
- ✓ 5MP Auto Focus Camera with LED Flash Light

## EXTREMELY RUGGED DESIGN

Designed with magnesium alloy chassis, TA10 has been tested and certified to MIL-STD 810G, IP65, 5 feet drop and MIL-STD-461F standards to carry out superior performance in the harshest environments.

## SUPER HIGH CAPACITY BATTERY WITH HOT SWAPPABLE

Super-High Capacity dual battery packs provide up to 12 hours of ultra-long battery life in a single charge. Hot Swappable function further extends the power providing the possibility of unlimited battery life.

## SUPERIOR SECURITY

To protect against unauthorized access to protected data, TA10 is equipped with various devices of secured tools, such as Stealth Mode, TPM1.2, Fingerprint Scanner, Computrace® Ready and Smart Card Reader.

\*Stealth Mode immediately turns off all sounds and emitting lights while all programs remain running in the background.

## DURABOOK QUICK SETTING CONTROL

It provides One-Key quick setting to all of your most frequently used functions, including System Information; WLAN, WWAN, Bluetooth, and GPS; Programmable button setting; Indication for BIOS/EC version and Stealth Mode/ Night Vision Mode setting.

- Optional items
- Comply Night Vision Imaging System (NVIS)  
Type I class A
- Support 1D/2D bar code reading, Angle : 38.9° (Horizontal), 25.4°(Vertical)

- UHF RFID reader support ISO 18000-6C
- Battery Mark 4.0.1 Life Test Method (Battery life may vary with the product configuration, settings, usage patterns, and operating environment.)
- With one standard battery pack and 2.5" HDD (Actual weight may vary with different configurations)
